

The GO•4 Extended Flat Deck

- Up to 1000 lb payload
- Extended GO-4 chassis
- 4 ft x 5 ft aluminum deck
- A la carte options
- Starting MSRP \$24,500

We are proud to introduce our new GO-4 XTF – Utility Vehicle

The GO-4 XTF is based on our well know GO-4 platform, it has been extended to allow for a 5 foot long deck. Carrying capacity has been increased compared to the standard GO-4 with a 1000lb optional upgrade. Large entry door ways accommodate each side with optional hinged doors. Heat, AC, and more is made optional allowing decreased costing and new budget friendly price points for the Utility Vehicle consumer.
